

## Dogs

### 820436 Baskerville Classic Basket Muzzle s10

**RRP:** £14.99

**Depot Availability:** All depots

The NEW Baskerville Classic Muzzle has been created using an improved Thermoplastic rubber (TPR) material, which is lighter than the classic plastic design you find on the market but 4x stronger with increased durability. This unique material allows the Muzzle to be reshaped to a custom fit in hot water. The Baskerville Classic Basket Muzzle comes with an additional guard insert to prevent food and wildlife scavenging on walks, eating rocks, coprophagia and wound licking after surgery. The basket design ensures the dog's welfare by allowing them to pant, drink and play. With an improved padded nose piece and a secure easy-to-adjust neck strap, all dogs can be comfortable wearing their muzzle, keeping dog owners happy and confident in all situations.

### 820657 KONG Cozie Jumbo Marvin Moose xl

**RRP:** £18.99
